The WEB 160

MIDCOM Data distributes a comprehensive line of network-ready information appliances, enabling secure and reliable access to the Internet and applications anytime, anywhere. The WEB 160 offers expanded graphics capabilities for multimedia applications, as well as efficient design for space-strained environments.

The Product

The WEB160 features the integration of the powerful and energy efficient VIA 1GHz x86 processor into a compact and robust enclosure. The WEB160 provides a DVI (digital video interface) port and a VGA adapter for optimal display experience, and has an optional miniPCI adapter for internal wireless. With options for wireless networking and VESA-compliant mounting, the WEB160 is perfect for cable-free and space-saving applications. With durable, fan-less construction, the WEB160 provides quiet and reliable operation and extended operating life, lowering the total cost of ownership.

Features

- ▶ Support for Windows CE and Windows XP Embedded
- ▶ DVI port, DVI-VGA adapter
- ▶ Integrates major thin-client/server computing protocols (Citrix ICA, Microsoft RDP), terminal emulation suite; and web browsers
- ▶ Comprehensive, easy remote device administration through server-based Manager software
- ▶ Small form factor for space-saving, desktop and mounted deployments
- ▶ Fan-less, flash memory-based with no moving parts
- ▶ Custom bracket for VESA-compliant mounting to LCD displays and VESA mounts
- ▶ Available options for wireless networking; USB-to-Serial and USB-to-PS/2 ports

Applications

The WEB160, like all Web products, has many applications, including:

- ▶ Inventory and Warehousing
- ▶ Education
- ▶ Manufacturing
- ▶ Healthcare
- ▶ Finance
- ▶ Retail
- ▶ Control and Monitoring
- ▶ Hospitality

HIGHLIGHTS

- ▶ Digital video interface port with VGA adapter
 - ▶ High-integration and energy-efficient processor technology
 - ▶ Robust and fan-less construction for quiet and reliable operation
 - ▶ Low-cost computing in compact and versatile packaging
- ▶ Internal 802.11 wireless adapter
 - ▶ USB-to-Serial and USB-to-PS/2 adapters (1, 2)
 - ▶ External Bracket (3) for Mounting to VESA adapters and LCD monitors
 - ▶ Short VGA cable for connection to mounted display

STANDARD PACKAGE AND ACCESSORIES

- ▶ One (1) Web 160 (4)
- ▶ AC/DC Adapter (5)
- ▶ Stand for vertical placement (6)

SPECIFICATIONS

Processor	VIA 1GHz x86
Display Resolution	Up to 1600 x 1200
Memory (flash)	64MB – 8GB
Memory (RAM)	128MB – 1GB
Operating Systems	Windows CE; Windows XP Embedded
Storage	Internal flash module; External USB
Enclosure	Aluminum chassis; ABS Plastic end-caps
Expansion	Mini-PCI (internal); USB

Control Buttons	One (1) front Power button
Input/Output Ports	12V DC-in Jack; Microphone-In; Audio-Out Jack; USB 2.0 Ports (4); 10/100 BaseT Ethernet; DVI
AC/DC adapter	Input: 100–240VAC Output: 12VDC
Power Cords	North America, EU, UK
Dimensions (H x W x D)	1.4 x 5.5 x 5.1 (in) 35 x 140 x 130 (mm)
Base Weight	0.88lb (400g)
Regulatory	FCC Class B, CE, UL, RoHS compliant
Operating Temperature	0° – 40°C
Humidity	0% – 90% non-condensing
